**TITLE 86: REVENUE**

**PART 470  
THE GAS REVENUE TAX ACT**

**Section 470.155 Transactions in Interstate Commerce**

a) The tax is not imposed upon any taxpayer with respect to any transaction in interstate commerce to the extent that such transactions may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

b) Insofar as the tax is imposed upon persons distributing, supplying, furnishing or selling gas for use or consumption and not for resale, the following general principles will apply in determining whether or not transactions are in interstate commerce:

1) Where a taxpayer delivers gas through continuous mains, lines or pipes from a point in Illinois to a point outside Illinois, such transactions are in interstate commerce, and the taxpayer is not liable for tax with respect to gross receipts therefrom.

2) Where a taxpayer not engaged in business in this State delivers gas through continuous mains, lines or pipes from a point outside of Illinois to a point within Illinois, the transaction is in interstate commerce, and the taxpayer is not liable for tax with respect to his receipts therefrom. However, if such company is engaged in the business in Illinois of distributing, supplying, furnishing or selling gas brought within this State for use or consumption and not for resale, such transactions do not constitute interstate commerce, and the tax will apply.

3) Where a taxpayer delivers gas through continuous mains, lines or pipes from one point in Illinois to a second point within Illinois, the transaction is not in interstate commerce, and the taxpayer will be liable for tax with respect to his receipts therefrom. This rule applies irrespective of the fact that a portion of the continuous mains, lines or pipes of the taxpayer through which gas passes are situated outside Illinois.

c) Where a taxpayer distributes, supplies, furnishes or sells gas to a single customer under a contract calling for the delivery of gas partly within Illinois and partly outside of Illinois, the taxpayer is liable for tax with respect to that portion of gross receipts from the contract accruing from service furnished within this State.
